PRE-ANNOUNCEMENT

Forthcoming 4th Call for Main Project Applications

1st May – 30th September 2016

Background

The Northern Periphery and Arctic 2014-2020 Programme is part of the European Territorial Cooperation Objective supported by the European Regional Development Fund. The programme contributes to and aligns with the Europe 2020 Strategy, national and regional policies and development strategies, macro regional and sea basin strategies, and other programmes covering parts of the geographical area.

The programme's vision is to assist in the generation of vibrant, competitive and sustainable communities, by harnessing innovation, expanding the capacity for entrepreneurship and seizing the unique growth initiatives and opportunities of the Northern and Arctic regions in a resource efficient way.

To date, the NPA 2014-2020 Monitoring Committee has in total committed approximately 48% of the programme funding to 25 projects.

Purpose of main project call pre-announcement

In order to encourage high quality applications, the Monitoring Committee of NPA 2014-2020 would like main project applicants to start to develop their main project ideas, explore potential partnership and investigate match funding sources.

Special note

Applicants from the Faroe Islands and Greenland should be aware of financial limitations in the Faroese and Greenlandic funding sources

Terms of Reference for the 4th call

Terms of Reference Priority Axis 1:

- The MC is looking to fund an additional 6 projects in Priority Axis 1.
- The MC especially encourages projects addressing the following actions:
 - In specific objective 1.1: Increased innovation and transfer of new technology to SMEs in remote sparsely populated areas
 - Action: Transfer and development of models or solutions for **clustering SMEs** with shared needs in relation to accessing R&D in order to develop critical mass and support access to R&D links across regional and national borders.
 - Action: Transfer and development of models or solutions facilitating **business networks across regional and national borders** to help to diversify and broaden the regional sector base.
 - In specific objective 1.2: Increased innovation within public service provision in remote, sparsely populated areas

- Action: Transfer and development of innovative models or solutions addressing **viability and low critical mass** in public service provision in remote and sparsely populated areas.
- The MC especially encourages projects involving the following sectors:
 - Non-traditional, and creative sectors
 - Blue Growth, and Green Growth
 - Cold climate technologies, and cold climate impacts

Terms of Reference Priority Axis 2:

- The MC is looking to fund an additional 9 projects in Priority Axis 2.
- The MC especially encourages projects addressing the following actions:
 - In specific objective 2.1: Improved support systems tailored for start-ups and existing SMEs in remote and sparsely populated areas
 - Action: Transfer and development of models and solutions for support to start-ups and existing SMEs aimed at realising **place-based opportunities** in a new way.
 - In specific objective 2.2: Greater market reach beyond local markets for SMEs in remote and sparsely populated areas, all actions:
 - Action: Transfer and development of **marketing models and solutions suitable for SMEs in remote, sparsely populated areas**, to increase their market reach.
 - Action: Transfer and development of concepts for **clustering and creating networks of SMEs** to meet a larger-scale, more diverse and/or more complex demand.
 - Action: Transfer and development of marketing models and solutions facilitating the use of **distance-spanning technology** to overcome long distance to market.
- The MC especially encourages projects involving the following sectors:
 - Marine sector
 - Biotech
 - Processing/refinement of natural resources

Terms of Reference, Priority Axes 3 and 4:

- The MC is looking to fund a total of 11 projects in each priority. The MC is looking to fund an additional 8 projects in Priority Axis 3 and 6 projects in Priority Axis 4.
- For specific objective 3, increased energy efficiency, the MC in specific encourage projects addressing :
 - the development and use of renewable energy sources suitable for cold climate and dispersed settlements
 - the use of ICT technologies, such as new energy efficiency concepts for smart energy management
- For specific objective 4, sustainable environmental management, the MC in specific encourage projects addressing:
 - pooling of competences transnationally
 - help to develop and share concepts for sustainable environmental management that takes into account not only the environmental aspect, but also social and economic aspects affecting the community

For all Priority Axes, the following is highlighted:

- All projects are expected make a special effort to include end users in their project proposals. End user involvement can be demonstrated by the composition of the partnership (e.g. involvement as full project partners, sub partners or associated partners), the involvement of end users as described in dedicated work package activities, or by attaching letters of support from end users.
- Projects are encouraged to include measures to involve underrepresented groups such as young women and indigenous peoples.
- In order to increase the impact of the NPA 2014-2020 on innovation and entrepreneurship in the programme area, projects are encouraged to address topics in a broader sense.

OPENING OF 4th CALL:	1 st May 2016
APPLICATION DEADLINE:	30 th September 2016
DECISION DATE:	8 th December 2016
FURTHER INFO:	Details of the call will be available 1 st May, 2016 and published on the programme website

Guidance for applicants

See NPA 2014-2020 Programme Manual ([click to download](#)) for a description of the Priority Axes, instructions for how to apply and the NPA eligibility rules.

Disclaimer: An updated version will be available on May 1st, 2016

How to Apply Seminar

How to Apply Seminars will be organised on June 1st at the Cork Institute of Technology, Cork Ireland and September 1st in Copenhagen at the offices of the Joint Secretariat. These seminars will offer technical sessions on the application form, budget and partnership. The seminars will be conducted as a combination of the presentation of factual material and on-line eMS tutorials

Registration will be opened on May 1st, 2016 and space is limited to one person per potential project application.

Important note regarding future calls for main projects

The NPA Monitoring Committee will decide on the exact dates and the focus of the next call in December 2016. This will be communicated on the NPA 2014-2020 website and through the Regional Contact Point network.

Preparatory project call

The call is ongoing, which means that applications can be submitted at any time. Preparatory Project decisions will be made by the Joint Secretariat. The approval process takes approximately 1 month from submission.

Preparatory project idea developers are encouraged to aim the end date of their preparatory projects to coincide with the Fourth Call deadline. See www.interreg-npa.eu for further details and instructions.

Further information

If you are interested in applying, we recommend that you are in touch with the Regional Contact Point in your region, [click here for contact details](#). Alternatively, you can contact Christopher Parker at the Joint Secretariat, christopher.parker@interreg-npa.eu.
